

Community Forum Against Coal Export

September 27th, 2012, 7-9pm

Milwaukie High School auditorium, 11300 SE 23rd Avenue

free and open to the public

STOP COAL EXPORTS

Photo Courtesy of Paul K Anderson

Milwaukie is at risk of becoming a dirty coal train town. A coal export proposal in Coos Bay, OR would bring up to four 1.5 mile-long coal trains through Milwaukie each day.

Coal export would impact Milwaukie traffic congestion, health, and quality of life. Learn why city and neighborhood leaders and health professionals oppose coal trains through the City of Milwaukie. Opportunities for Q&A at the end of the panel.
